G.O. No. 2179

Dated 20.5.52

[Despatch Abstract.]

Live stock - Sindhi graded bulls - Distributed in South Kanara and Malabar Districts - Reduction of period at stud from three to two years - Proposals of the Director of Animal Husbandry - not approved.

Copy of letter Roc.No.4706-VI/50, dated 4.4.52, from Sri V.R. Rajagopalan, G.M.V.C.,Dip.Bact.(Manchester), Director of Animal Husbandry, Madras, to The Deputy Secretary to Government, Development Department, Madras.

.....

Sub: Livestock - Sindhi graded bulls - Distributed in South Kanara and Malabar Districts - Service and period at stud - Reduction Proposals.

Ref: Government, Development Department, Memo. No.68580-E/51-4, dated 1.10.51, 4.1.52 and 25.1.52.

.....

The bulls purchased and distributed free under the Govenment Livestock Bull Distribution Scheme every year to the custodians are far less of the actual requirements of each district and they cannot replace the bulls that come out of the scheme every year. For example, in the two districts of South Kanara and Malabar alone there now 117 bulls under the free distribution scheme. If 1/3 of that number is to be replaced every year, these two districts alone may require about 40 bulls to keep up that strength though not for increasing the number every year. According to the amount available at our disposal every year, all the districts in the State have to be supplied with the bulls. Hence the question of increase in financial aspect for these two districts does not arise. Only the usefulness of the available bulls are being reduced by one year from 3 to 2 years now. This reduction of the useful period cannot be helped as the custodians are not willing to keep the animals for three years as they will have to incur feeding charges to the extent of Rs.540/- every year according to the schedule of feeding which works out to Rs.1620/- for three years to claim the ownership. Most of the bulls are only graded Sindhis in these two districts and the cost of each graded Sindhi bull comes to only Rs.300/- Taking into consideration all these factors, it was suggested to the Government to reduce the period for two years and the services to 120, so that the custodians would come readily forward and be enthusiastic to have the bull after two years for themselves.

Even after the declaration of the ownership to the custodians after 2 years I want to make the full use of the available bulls in the districts by bringing them into the premium scheme for which I have instructed the District Veterinary Officers to persuade the owners to bring the good bulls into the premium scheme. The presumption of the Government is correct that the concession is applicable only in respect of Sindhi graded bulls but not for other pure breeds in these two districts.

GOVERNMENT OF MADRAS.
ABSTRACT.

Livestock - Sindhi graded bulls - Distributed in South Kanara and Malabar Districts - Reduction of period at stud from three to two years - Proposals of the Director of Animal Husbandary - Not Approved.

- -

DEVELOPMENT DEPARTMENT.

G.O.Ms.No.2179. Dated 20th May 1952.
Read the following:

G.O.Ms.5386, Development, dated 21.12.44.
G.O.Ms. 87, Development, dated 9.1.45.
From the Directof of Animal Husbandary,
Roc.4705-VI/50, dated 11.7.50.
From the Director of Animal Husbandary,
Roc.4705-VI/50, dated 4.11.52.

O R D E R:

The Government do not see sufficient grounds to accept the proposal of the Director of Animal Husbandary to reduce the period of stud from 3 to 2 years in respect of Sindhi graded bulls under the Government Livestock (Bull) Distribution Scheme in the districts of South Kanara and Malabar.

(By Order of etc.,
